

# Sure Brick SEALERS™

Highlighting Our Product Line

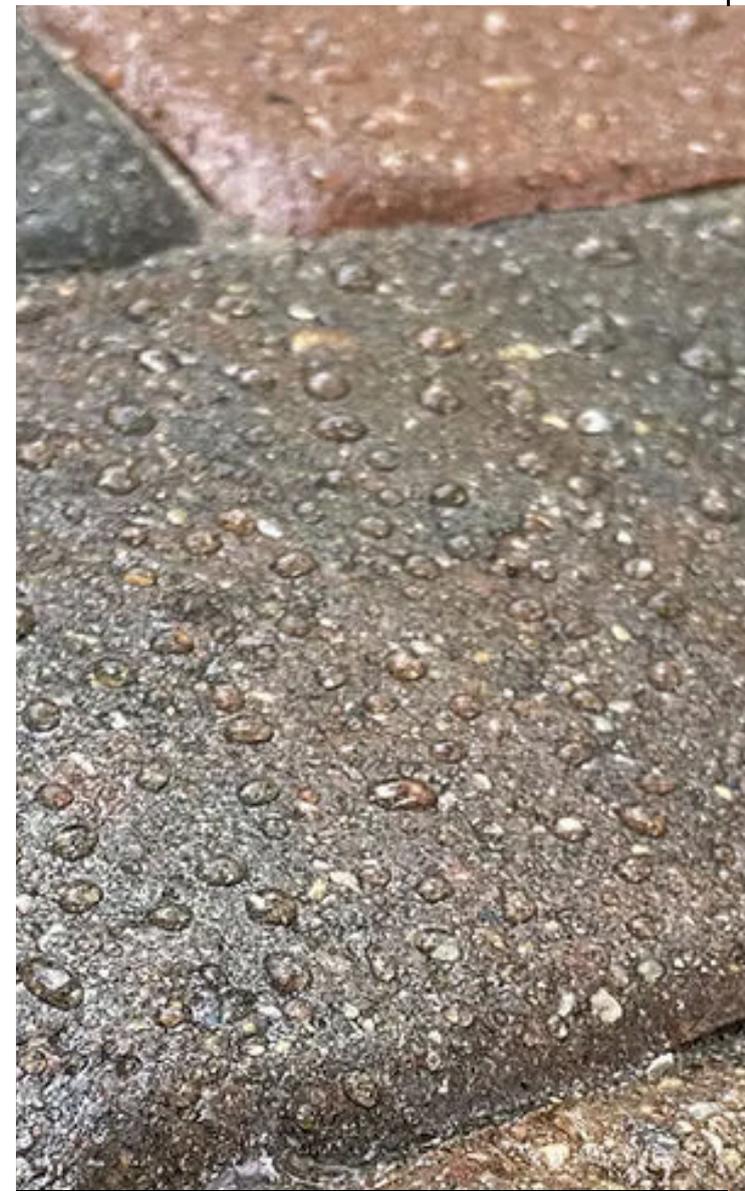

## About Sure Brick Sealers

Our mission is to provide you with the highest quality products and product education, so you can create a professional look the first time, every time!

“It is our many years of working in the field (since 1996 and still going strong!) that inspired us to develop our products. We aren't just salespeople, we are using all of our products in the field every day, just like you. Our world-class lab, chemists, and production capabilities have made Sure Brick Sealers possible, but it is our decades of experience in the field and our commitment to ONLY using the highest quality products in the industry that have enabled us to perfect our products and application processes. “

-Jim Uργο

## Solvent Wetlook Joint Sand Stabilizer (SWJSS)

### Why it's the best sealer on the planet:

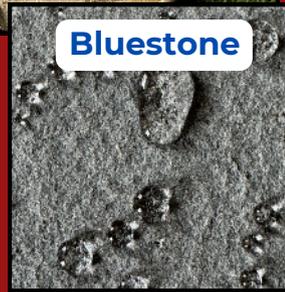

1. Walkable and rain safe in 15 min, drivable in 4 hours!
2. Eliminates any risk of Polyhaze!
3. Seal using SWJSS, then activate polymeric sand within 15 min. Yes, sand and seal in the same day! Our process saves hours and can even save days!
4. Fastest cure time in the industry of 15 minutes!
5. Industry's Best Coverage: 150 surface SQFT per gallon!
6. Industry's Easiest Application: just spray it on and you are done, NO rolling, NO brushing required!
7. Industry's Best Versatility: can be applied on clay, dry cast, wet cast, face mix brick, natural stone, aggregate, concrete and stamped concrete!
8. Easy to clean technology!
9. Protects from weathering, deterioration, oil, dirt, stains, UV, salt, weeds, and insects!
10. Under 100 VOC: Even beats California requirements!

## Solvent Natural-Look Penetrating Stain Blocker

Proprietary formula specifically designed for **Bluestone, limestone, natural stones, concrete, and brick pavers.**

- Protects from weathering, deterioration, UV, salt, and stains!
- Keeps the natural color of the surface!
- Easy to clean and no slip technology
- Industry's best coverage of 750 SQFT per gallon
- Available in 1-gallon, cans and 5-gallon pails

## Sure Brick Magic Strip

Proprietary formula that aggressively strips both water-based and solvent-based sealers while causing no damage to your underlying surface!

- **Fastest** and **easiest** sealer remover in the industry (**BY FAR!**)
- Worried about messing up a seal job? FEAR NO LONGER, it is now SO easy to fix!
- How easy is it? (1) Apply first and second coat of the Magic Strip in a 10-minute period, watch the magic happen, and (2) rinse with a pressure washer! THAT IS IT!

## Slip Resistant Gripper and Shaker

Clear proprietary blend produced to ensure every surface is slip-resistant. Gripper is recommended for all film-forming sealer to ensure safety for everyone in wet conditions!

## Rust Off

Proprietary blend that removes rust from brick, concrete, and many other surfaces!

- Can be used for horizontal and vertical services
- How easy is it? (1) wet stain, (2) apply Rust Off, (3) lightly scrub with brush, (4) rinse with power washer and the RUST IS GONE!

## Nature Off

Proprietary blend that cleans up mother nature's mess!

- Works on leaves, nuts, algae, mold, berries, cherries, red wine, bird droppings, stains and more!
